CHAPTER V
CONCLUSION AND SUGGESTION

5.1 Conclusion

Based on the result analysis in the previous chapter, there is some conclusion of the analysis. First, the illocutionary act types in this analysis consists of five types include assertives, commissive, expressive, declaration. Second, the researcher analyzes the context as the aspect of the speech situation which is very important things in pragmatic study. In analyzing the data, context describes the situation that occurs in the utterances. Without context, the researcher cannot analyze the data clearly in the movie scripts. The data of this research from Cinderella's movie (2015) which taken from the movie scripts. In this research, the reseracher analyze five types of illocutionary acts. The data of the analysis is taken from Cinderella's movie scripts (2015). From the analysis the researcher, found that there are 20 data from illocutionary act types. From those type of illocutionary acts. The mostly found in the movie is assertive.

3.2 Suggestion

Based on the research above, the researcher concludes some suggestion as follows:

1. The researcher hopes for the next resarcher who wants to do the same research especially illocutionary speech act with different forms.

2. To the student of English Department, for those who will conduct this research of illocutionary speech acts, the researcher hopes that this research can be useful as the reference and to enrich their knowledge about types and context of illocutionary acts.

3. The result of this research is expected to be able to help students in learning illocutionary act especially for the types and context.
